FLAPPERS

CLIENT PROFILE

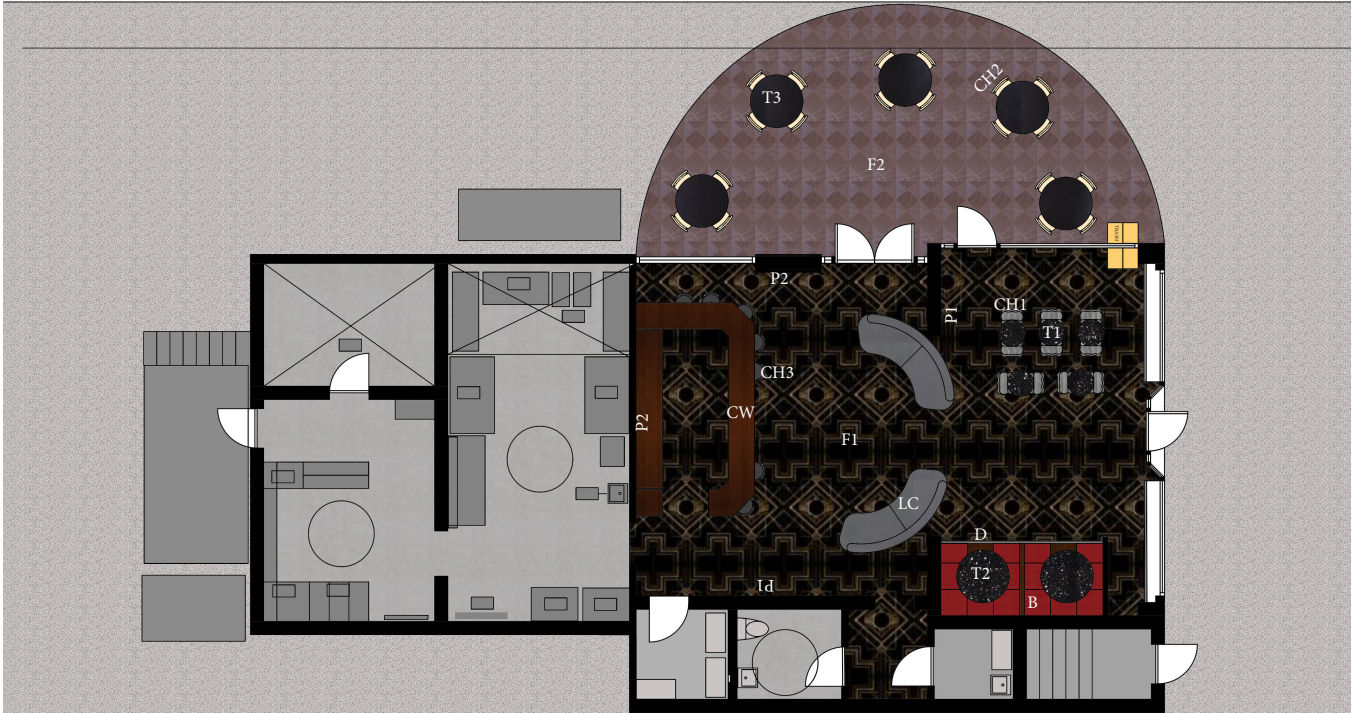

Hannah and Caleb are wanting to open a Sweet Shop in Las Vegas. They are wanting their sweet shop to be something that will fit in with everything around them in the city of Las Vegas. They want their shop to have a lot of room for a chocolate fountain and their display of treats. We decided to go with a Roaring Twenties theme since that's the Jazz age and the Party age. Hannah and Caleb decided to name their shop Flappers. Hannah and Caleb have been to Las Vegas many times together and they know people come to Vegas to party and get elope. They thought of having a place people can get some sweets while they're drunk or they can come in and get cake for their wedding.

CONCEPT STATEMENT

We will be using a lot of geometric shapes and a lot of glam to create a Roaring Twenties theme for this sweet shop. The goal is to create an atmosphere where people travel back to the Jazz and Party age. We will use the color scheme of the Great Gatsby which includes black, gold, white, and maybe a little amount of red. We will also use glitter, feathers, and pearls.
